

Qualified UHV Bakeable Straight Through Valves

All stainless steel construction

Hositrاد's Sealed bakeable straight through valves are available in the following sizes:

0,75" SMV-075
1,50" SMV-150

All metal valves feature OFE copper bonnet and seat seals that are easily replaceable. No need to use liquid nitrogen or risk damaging valve during maintenance.

The initial low torque required will provide long seal life.

SMV Valve Dimensions

Model No.	Clear aperture I.D.	D2	L	L1	L2
SMV-075	16	33,8	114,3	38,1	133,4
SMV-150	31,8	69,8	169	62,8	189,8

Valve Model No.	Description	Price	Gasket Set Model No.
SMV-075-20	No flanges	On request	SMV-075-G
SMV-075-22	Flanges on all ports	On request	SMV-075-G
SMV-075-30	No flanges with roughing port	On request	SMV-075-G
SMV-075-33	Flanges with roughing port	On request	SMV-075-G
SMV-150-20	No flanges	On request	SMV-150-G
SMV-150-22	Flanges on all ports	On request	SMV-150-G
SMV-150-30	No flanges with roughing port	On request	SMV-150-G
SMV-150-33	Flanges with roughing port	On request	SMV-150-G
